
What is a Long-term Care (LTC) Ombudsman?

- ✓ a trained, objective,
- ✓ independent citizen who resolves problems for nursing home and residential care home residents

- ✓ a volunteer who works to enhance the quality of care and quality of life for long-term care residents

- ✓ a state-certified volunteer who visits an assigned facility regularly to hear, investigate and resolve complaints made by or on behalf of residents and acts as an advocate to maintain residents' rights, safety and dignity

Long-term care ombudsmen receive regular training, support and supervision from the coordinator and staff of the Napa Long-term Care Ombudsman Program after completing a required initial training program and a background check.

Serving our frail and vulnerable...

The dictionary defines “ombudsman” as “a government appointee who investigates complaints by private persons against the government.” Powers have been broadened for this program. The LTC ombudsman is empowered by federal and state law to investigate allegations of the infringement of rights, or of abuse or neglect in long-term care facilities--complaints against any agency, business, or individual involved in providing resident care.

Dedicated volunteers protect rights, preserve dignity, and advocate for quality care of residents.

An LTC ombudsman plays a vital role in assuring resident care and family members' peace of mind.

We need trained, certified volunteers to serve Napa County's 2000+ elderly long-term care residents.

Please consider becoming an LTC Ombudsman. You can make a big difference every day for people whose world has grown very small.
